

White papers

Guidances on the most appropriate use of EiCLaR technologies

POPOVA, Marta – SPAQuE, Belgium

The aim of the “**White paper**” is to provide a technical briefing for each of the EiCLaR technologies, targeted to the different **practitioner audiences**: « White paper » for site owners/ managers (including real estate developers), « White paper » for regulators, « White paper » for service providers and « White paper » for environmental service procurement personnel

Recommendations and key benefits of using the EiCLaR technologies addressed to:

- service providers
- regulators
- public procurement personnel
- site owners/ managers
